

F.2 (E)/2019-NDMA (MW/Cyclone Alert-Vayu)
**Government of Pakistan
Prime Minister's Office
National Disaster Management Authority
ISLAMABAD**

Dated: 12 June 2019

Subject: **Tropical Cyclone "VAYU" in the Arabian Sea – Alert**

The Tropical Cyclone (**VAYU**) over East Arabian Sea has moved further north during the last eight hours and has slightly intensified in strength now at a distance of approximately 1,000km from Karachi with maximum sustained surface windspeeds of 80-90km/hr gusting up to 110km/hr around the centre of the storm system.

2. Tropical Cyclone (VAYU) is likely to intensify further during the next twelve to eighteen hours and will continue to move north. Due to prevailing conditions, widespread dust-thundershowers with isolated heavy falls are expected in Southeast Sindh (Districts Thatta, Badin and Tharparkar) on Thursday / Friday, while scattered / isolated dust-thundershowers may occur over the rest of Sindh during the same period. Furthermore, sea breezes are likely to remain cut off on Thursday / Friday which can lead to heatwave like conditions in coastal areas of Sindh, including Karachi.

3. Fisherman sailing from Sindh are advised not to venture into open / deep seas from Wednesday to Friday evening as sea state conditions are likely to be very rough with high waves.

4. All concerned government departments / authorities in Sindh are requested to remain alert during same period and take all necessary precautionary measures. Detailed PMD Alert is enclosed at "Annex-A".
