# F.2 (E)/2022-NDMA (MW/Weather Advisory) Government of Pakistan Prime Minister's Office National Disaster Management Authority ISLAMABAD

Dated: 19 July 2022

# Subject: More Monsoon Rains Predicted in Coming Days (20-26 July 2022)

Pakistan Meteorological Department (PMD) has issued a weather advisory informing that strong Monsoon currents are likely to penetrate in Upper & Central parts of the Country from 20 July 2022 (Wednesday); details enclosed at *Annex-A*. All concerned Federal Ministries / Departments, respective Provincial Governments and their line departments including PIDs / PDMAs / GBDMA / SDMA, District Administrations / DDMAs, Municipal and City Administrations are advised to ensure following: -

- a. Identification of vulnerable / choke points / at-risk communities based on recent patterns of rainfall and devise mitigation measures.
- b. Maintain enhanced alert level / monitoring of developing situation to reduce reaction / response times.
- c. All civic agencies / rescue services (Rescue 1122 / Fire Brigade / Ambulance / Civil Defence) to remain alert and ensure availability of personnel and equipment during the forecasted period, especially in at-risk urban areas.
- d. Restrict vehicle movement in areas / nullahs prone to flash floods, low lying areas and close to water channels.
- e. Provision of POL for back-up generators at water pumping stations and timely pre-placement of de-watering equipment to respond to urban flooding.
- f. Timely evacuation of at-risk population from low-lying / flood prone areas as per Evacuation Plans and availability of shelter, food and medicines in those shelter camps.
- g. DISCOs and relevant Local Administration / Departments to ensure that necessary arrangements are undertaken to avoid electrocution incidents and timely restoration of power supply.
- h. Mass awareness campaign for general public on urban / flash flooding and associated risks in vulnerable areas on following aspects: -
  - (1) Avoid unnecessary movement in such areas.
  - (2) Evacuation plan of at-risk communities and its timely evacuation.

- (3) Risk and consequent danger of submerging of vehicles in such inundated low-lying areas.
- (4) Alerting masses living in low-lying areas to exercise extra caution including community-based alert system.
- (5) Risk of electrocution during heavy rain fall / urban flooding in major metropolises.
- i. Provision of relief / medical supplies to affectees in timely manner.
- j. LEAs along with Traffic police to advise travelers regarding likely situations / dangers of waterlogged areas and underpasses.
- k. Coordinate with concerned departments for clearance of roads in case of any landslides / blockage / obstruction, waterlogging and pre-placing of necessary emergency equipment at vulnerable / appropriate locations.
- I. Travelers and Tourists are forewarned about risks posed at landslide / flash flood vulnerable locations and may be diverted to safe lay-by / waiting areas with sufficient supply of water / food and essential medicines in case of adverse / dangerous road conditions by Police, NH&MP and Local Administrations.
- m. Billboards and hoardings are secured from effects of windstorms/
- n. In case of any eventuality, special SITREP / update be shared immediately with NDMA.
- 2. **Press Information Department Only**. With the request for wider circulation and public awareness.
- 3. Forwarded for information / necessary action, please.
