NDMA Hosts ERC Meeting to Strengthen Emergency Response Coordination

01-08-2026

The National Disaster Management Authority (NDMA) hosted an Emergency Response Coordination (ERC) meeting at its headquarters to enhance coordination, strengthen preparedness, and facilitate effective collaboration among relevant stakeholders. The meeting provided a platform to discuss response mechanisms, review coordination arrangements, and reinforce collective efforts for timely and effective emergency response during disasters and other emergencies.

The initiative underscores NDMA's commitment to strengthening institutional coordination and ensuring a unified, proactive, and efficient approach to disaster management across Pakistan.

Inauguration of the Digital Disaster Resilient Infrastructure Model (DRIM)

06-08-2026

The National Disaster Management Authority (NDMA) inaugurated the Digital Disaster Resilient Infrastructure Model (DRIM), marking a significant step towards integrating digital innovation into disaster risk management and infrastructure planning. The initiative aims to support risk-informed decision-making, identify infrastructure vulnerabilities, and promote disaster-resilient development across Pakistan.

The inauguration reflects NDMA's commitment to leveraging technology and data-driven solutions to strengthen national preparedness, reduce disaster risks, and build a more resilient future.

Tayar Pakistan Event Held at NDMA Auditorium 11-08-2026

The National Disaster Management Authority (NDMA) hosted the Tayar Pakistan event at its auditorium, highlighting the importance of disaster preparedness, awareness, and community engagement in building a resilient Pakistan. The event emphasized the role of collective responsibility and proactive measures in strengthening the capacity of individuals and communities to respond effectively to disasters and emergencies.

The initiative reflects NDMA's continued commitment to promoting a culture of preparedness, enhancing public awareness, and fostering a disaster-resilient society through collaborative efforts.

Tayar Pakistan Event Held at NDMA Auditorium 11-08-2026

Federal Minister for IT & Telecommunication Visits NDMA 12-08-2026

The Federal Minister for Information Technology and Telecommunication visited the National Disaster Management Authority (NDMA) to discuss opportunities for strengthening collaboration in digital innovation and technology-driven disaster management. The visit highlighted the potential of advanced digital solutions, data integration, and technological infrastructure in enhancing disaster preparedness, early warning dissemination, and emergency response coordination.

The engagement underscored the importance of inter-ministerial cooperation in leveraging technology to strengthen Pakistan's disaster management capabilities and build a more resilient nation.

12-08-2026

Senate Standing Committee Visits NDMA

13-08-2026

The Senate Standing Committee visited the National Disaster Management Authority (NDMA) to review the Authority's disaster management initiatives, operational capabilities, and ongoing efforts to strengthen national preparedness and resilience. The visit provided an opportunity to discuss disaster risk reduction strategies, early warning mechanisms, emergency response coordination, and institutional measures aimed at mitigating the impact of natural and human-induced disasters.

The engagement highlighted the importance of parliamentary oversight and institutional collaboration in strengthening Pakistan's disaster management framework and advancing a proactive, coordinated approach to disaster risk reduction.

Participants of the 1st Scout Leaders Training of Trainers on DRM Badge Visits NDMA

18-08-2026

Participants of the 1st Scout Leaders Training of Trainers (ToT) on the Disaster Risk Management (DRM) Badge visited the National Disaster Management Authority (NDMA) to gain insights into Pakistan's disaster management framework, preparedness initiatives, and emergency response mechanisms. The engagement highlighted the vital role of scout leaders in promoting disaster awareness, building community preparedness, and equipping young people with essential knowledge and skills to respond effectively to emergencies.

The initiative reflects NDMA's commitment to empowering youth and strengthening community-based disaster risk management through capacity building, education, and collaboration with scouting organizations.

Participants of the 1st Scout Leaders Training of Trainers on DRM Badge Visits NDMA

18-08-2026

CEO of Engro Visits NDMA's National Emergencies Operations Centre

19-08-2026

The Chief Executive Officer (CEO) of Engro visited the National Emergencies Operations Centre (NEOC) at the National Disaster Management Authority (NDMA) to gain insights into Pakistan's disaster monitoring, early warning, and emergency response mechanisms. The visit provided an opportunity to showcase NEOC's operational capabilities, technology-driven monitoring systems, and coordination framework for effective disaster preparedness and response.

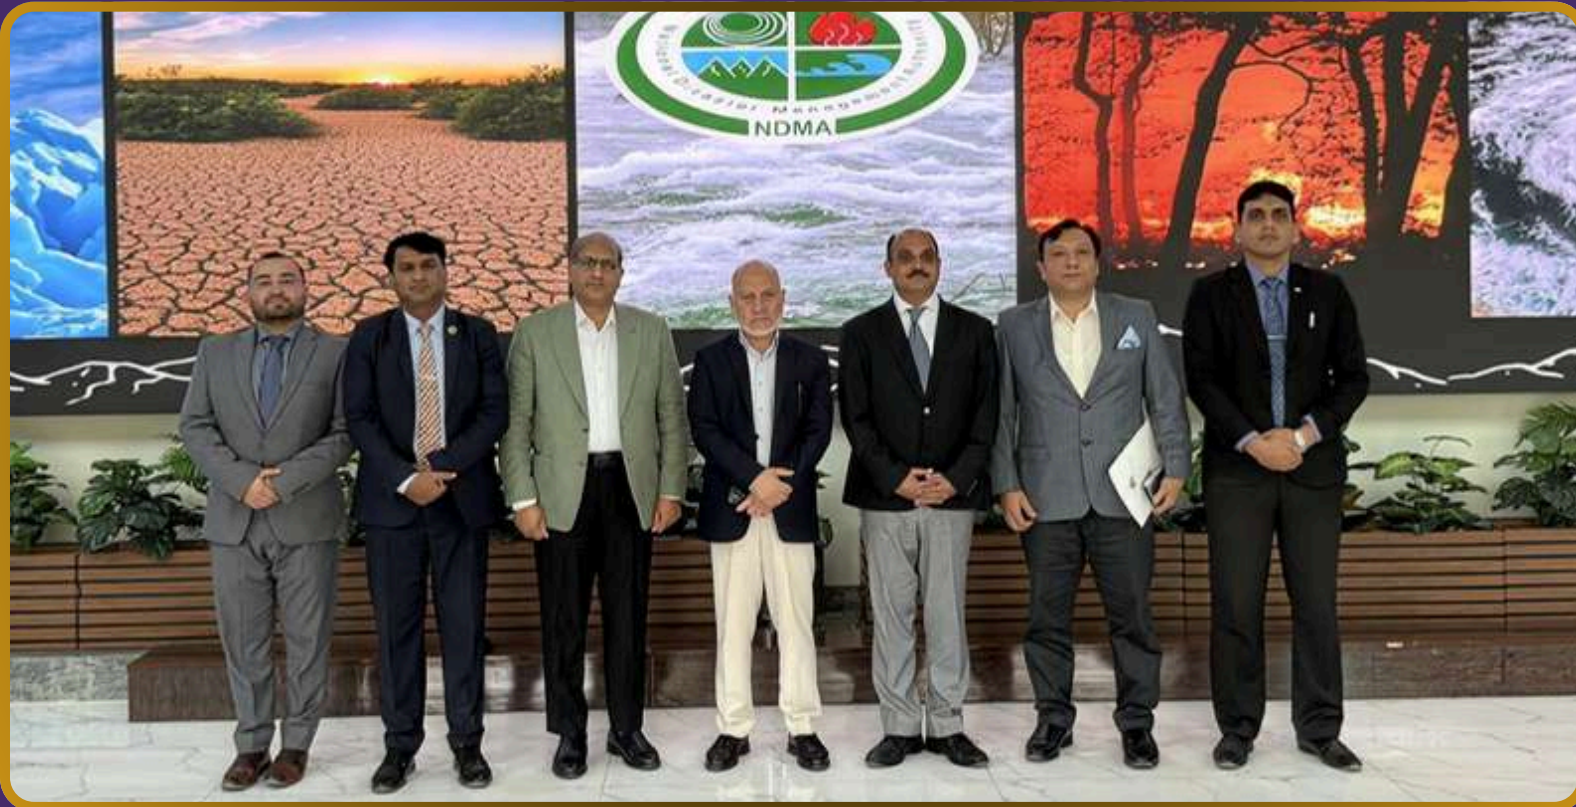

The engagement highlighted the importance of public-private sector collaboration in strengthening disaster risk management, promoting innovation, and enhancing national resilience against natural hazards.

23-08-2026

Farewell to UN Resident Coordinator at NDMA

24-08-2026

The National Disaster Management Authority (NDMA) hosted a farewell engagement for the United Nations Resident Coordinator (UNRC), acknowledging the longstanding cooperation and partnership between NDMA and the United Nations in disaster risk reduction, humanitarian assistance, and resilience building. The occasion provided an opportunity to reflect on collaborative efforts to strengthen disaster preparedness, enhance emergency response coordination, and support vulnerable communities across Pakistan.

The engagement underscored the importance of continued collaboration between national institutions and international partners in advancing disaster management, promoting sustainable resilience, and strengthening humanitarian coordination.

Farewell to UN Resident Coordinator at NDMA

24-08-2026

Jennifer Jalovec, Regional Disaster & Humanitarian Response Advisor, Visits NDMA

24-08-2026

Jennifer Jalovec, Regional Disaster and Humanitarian Response Advisor, visited the National Disaster Management Authority (NDMA) to discuss disaster risk management, humanitarian response, and opportunities for enhanced institutional cooperation. The engagement provided a platform for exchanging perspectives on disaster preparedness, emergency response coordination, and strengthening resilience against natural hazards.

The interaction highlighted the importance of collaboration between national disaster management institutions and international humanitarian partners in advancing effective response mechanisms and building resilient communities.
