

April 24, 2025

Thunderstorm in South Africa

Affected Areas

Gabon, Equatorial Guinea, Republic of the Congo Democratic Republic of the Congo (DRC), Angola, Cameroon, Tanzania, Kenya, Uganda, Mozambique, Madagascar.

Duration

April 24, 2025

Hazard Summary

Residents and travelers in parts of Gabon, Equatorial Guinea, Republic of the Congo, Democratic Republic of the Congo, Angola, Cameroon, Tanzania, Kenya, Uganda, Mozambique, South Africa, and Madagascar should be prepared for possible thunderstorms throughout the day. These weather conditions may bring heavy rainfall, localized flooding, lightning, and gusty winds. It is advised to avoid open areas during lightning activity, secure outdoor items, and drive with caution due to reduced visibility and slippery roads. Stay tuned to local weather updates and heed any alerts or safety instructions issued by local authorities.
